Ensemble Winning Standing Ovarations

Arriving Tonight In Capital; Visits San Luis Potosi, Queretaro

Scheduled to arrive in Mexico City this evening for six concerts during a five-day tour. The Granate City student Latin American ensemble scored a smashing success in the first week of its month-long Mexico tour.

Standing ovations were the rule as the young musicians duplicated and possibly outdid their efforts that had won countless thousands of "souls of the border" friends in their first two years ago.

The 22-piece band and 16 associates—now traveling in an air-conditioned railroad car—went yesterday to Queretaro for a concert last night and departed this afternoon for the capital city.

Eugene Alassi, Granite City school art director, who is handling public relations for the ensemble, reports that the Press-Record as follows from Mexico: "The Tampico Rotary Club, composed of prominent businessmen, was host to Director Robert D. Todoroff, Consul Martinez Elizondo of the Mexican Department of Cultural Affairs and myself Thursday. Our host was Vicente Gonzalez, who praised 'unification of the culture of our two countries'."

"Last night, Todoroff, Mrs. Richard Clark and a representative of Mexican City public education were given a scenic tour of Tampico where the students participated in International Good Will Organization activities. They enjoyed two days of typical living in outstanding Mexican homes. Each student was assigned a Mexican 'brother' or 'sister' from among the youth of Tampico."

"Many lasting friendships have been developed, and a greater understanding between the youth of Mexico and the U. S. has been nurtured."

"On Thursday evening, the ensemble presented a benefit concert for the Red Cross at the Municipal Auditorium. Response by the large audience was unbelievable. There was applause and a standing ovation at the close of the concert."

"Mayor Vincente, in a message of good will delivered through the students' excellent interpretation of Latin American music."

"In the departure for San Luis Potosi, on Friday, the students were brought to the railroad depot by the families with whom they had stayed."

"The surprise of finding an air-conditioned private car, provided by the Mexican government."

Weekend Auto Injury Toll Reaches 13; 26 Crashes

Current 100-degree weather failed to curtail weekend traffic in the Quad-City area, and 26 crashes were reported. Collisions totaled 29.

The three occupants of an auto were hurt at about 5:45 p.m. Friday when it hit curbing on West in the Quad-City area, and went out of control, striking a utility pole. The vehicle was demolished.

Wesley Townzen, 18, of 1917 Harris street, the driver, was released from St. Elizabeth Hospital yesterday after treatment for forehead, chin and right ear lacerations, a nose bleed, teeth knocked out and breathing difficulty.

His mother, Mrs. Bernice Townzen, 48, also was released from the hospital Sunday. She suffered lacerations to the forehead and eyebrows.

Released Saturday from St. Elizabeth Hospital, William O'Neill, 16, son of Mr. and Mrs. Harold O'Neill, 2901 Marshall avenue, suffered fracture of the left wrist, swelling of the left knee and a hematoma on the forehead.

The firm says it provided the services over a period of years but the port district arbitrarily and without cause canceled the contract and refused to pay for the services.

A Port District official said he was advised of the suit Friday and that office records would have to be sifted before the contract could be renewed.

Equipment to erect two large storage tanks on the Port District site at the canal harbor acquired by truck Saturday. The district presently is engaged in an \$800,000 development which includes the first storage facilities and fuel containers.

Venice School Tax Vote To Be Held Saturday

Venice school district voters will go to a polling place at the Venice grade school gymnasium, 740 Broadway, Saturday to decide the rate of a 40-cent increase in the educational fund tax rate being sought by school authorities.

The lone poll will be open between noon and 7 p.m. Those voting in Saturday's special school tax election are required to be registered voters and residents of the Venice school district.

The Venice school tax rate for educational purposes is currently set at \$12.25. A \$100,000 valuation, maximum amount that can be levied at this time without a referendum, is \$12.25.

The 40-cent increase sought by the school district would boost the educational fund rate limit to \$12.65. No increase is asked in the building fund rate and other accounts, which remain at 44.8 cents.

Should the proposed total 40-cent increase be approved by voters Saturday, it would mean—when utilized—a raise in the educational fund's annual revenue from \$12,250 to \$12,650.

Delayed Use Of Rate
Venice school authorities have stated that the total amount of the increase being asked will not be levied at the present time, but is being sought now to avoid the expense of a probable additional referendum in two or three years.

The district's \$168,000 aggregate rate produces the sum of \$474,268 for education and \$18,762 for other school accounts.

A \$2,098 rate (\$1.65 and 44.8 cents) would produce \$75,041, up \$151,574 from the current \$60,467.

School board members and administrators have cited the rising cost of operations, including teachers' salaries, school supplies, and maintenance, as reasons for increasing enrollment in justifying the increase.

A substantial reduction in railroad tax assessments also has been cited as a reason for the general financial situation.

Agreement on pay raises totaling \$33,173 for 49 teachers over a two-year period was ratified by the Venice school board last week.

Federation of Teachers, June 22
School authorities have said that the increase in Saturday's special election, several services provided Venice school children might have to be curtailed.

Among those mentioned were cafeteria service, kindergarten, driver training, special language courses and vocal music classes.

In addition, an adjustment was made on the cost of the expansion of the Venice Co., 21st and Adams streets, adding \$190,000 to the original estimate of \$100,000 listed when the first permit was issued last Jan. 23. The city collected an additional fee of \$188.

60 Rooms, 16 Baths
The new apartment house is to be identical to the first erected at the Center street location and now occupied.

It will contain 60 rooms and 16 baths. Henry Ross is the contractor.

Ross obtained a permit for a 1½-story duplex at O'Hara and Klarnen avenues at a cost of \$20,000. It will have a masonry elevator. He received another for a six-room house on 17th, Newell avenue, Shamrock Gardens to cost \$17,500.

Another permit for a house was issued to Ernie J. Vaughn (Continued on Page 2, Col. 3.)

S. J. Shone, Musician And Machinist, Dies

Samuel J. Shone, 57, well-known local musician and a machinist at Dave Metal Products Co. in Madison since 1953, died at 4:15 a.m. Sunday at Barnes Hospital.

He had entered the hospital July 25 and had undergone open heart surgery last Wednesday. He was recuperating until Saturday when he went into a coma attributed to an enlargement of the heart caused by his illness, which began last March.

Mr. Shone, a native of St. Louis, had lived here 35 years and resided at 2753 Sunset drive. He was a member of the National Methodist Church. He played the drums with a number of local musical groups. He was a member of Dave Metal Products Co. at 4804 and East St. Louis Musicians Local 717. Prior to going to work, he was a machinist at the Nesco plant.

Survivors include his wife, Mrs. Vina J. Shone, a son, Donald Shone, who is assistant advertising manager of the Press-Record, and two grandchildren.

Funeral arrangements are given in today's obituary column.

Sewage Plant Federal Aid, Lease Approved

Council To Resume Topics Halted By Meeting Curfew
End 'Uncertainty' Cited As Reason For Avoiding Competitive Bond Sale

Any element of "uncertainty" over definite commitment of a federal grant toward construction of the Granite City sewage treatment plant—both as to amount and when allotment of the grant can be expected—was eliminated today in a series of fast-moving developments in the city's plant construction program.

Indefinite status of the application to the Illinois Sanitary Water Board, to the Federal Aid to the City Council in 1963, was blocked, however, by a 7-7 vote, with the mayor and two aldermen absent.

City developments today included:

1. C. W. Klassen, chief engineer of the Illinois Sanitary Water Board, told the Press-Record that Granite City is No. 17 on a list of 30 priority projects for which grants are to be made, as soon as the board is notified.

Federal funds have been made available for the city's sewage treatment plant, which grants are to be made in the full amount of the application, with perhaps only very minor changes, Klassen said.

2. Charles Moellen, First Ward alderman and chairman of the council's Special Pollution Committee, was blocked, however, by a 7-7 vote, with the mayor and two aldermen absent.

3. An advertisement calling for bids on Sept. 15 for construction of the sewage treatment plant is published in today's edition of the Press-Record. This is viewed as an answer to the water board's request for assurance that the city would start in 1963, a qualification the city will be asked to provide for this year.

G. H. Stenberg, Seventh Ward alderman, chairman of the council's street and alley committee, and a consistent proponent of competitive bidding, and others indicated they intend to oppose the private sale of the issue and demand public sale by bidding.

MORE ABOUT Sewage Plant

(Continued from page 1.)
community is not in position to give such assurance... either through completion of plans or bid advertisements... the city grant application is passed by and used to meet the application of another city, he explained.

All Obstacles Removed
Informed that Granite City is preparing to act on its issue on management tonight, and that advertisement for bids is being published, Klassen says this removes all obstacles to the grant. As for the amount of the grant, Klassen said:

"There is no reason to believe that the Granite City allotment will not be in the full amount of the request in the application. Awards are based on 30% of the cost of construction of the plant proper, interceptor sewers and pumping stations. Cost of sewer lines cannot be included."

"These applications are always prepared by engineers and I can't recall any instance in which we have reduced a grant request by any substantial amount. There might be a few minor changes that would involve a few dollars, but usually the allotments are about the same as the request."

He said federal funds are expected by the state around the latter part of August and that within two weeks after the money is received by the state, Granite City will receive a definite commitment on its grant. This would place the commitment date about Sept. 15.

Lease Ready Tonight
Meanwhile, asked if the issue for the plant site had been received, said it would be "ready for Monday night's council meeting," but declined to discuss the bond sale program further.

He told a Press-Record reporter in answer to his question, "See your editor... he seems to know more about it than I do." Apparently referring to a Press-Record article and editorial about the proposed private bond sale, Klassen said, "I didn't like it a bit. It was misquoting several places."

The advertisement calling bids on construction of the sewage treatment plant, published today in the Press-Record, calls for bids to be submitted by 4 p.m. Sept. 15. Plans and specifications are available from Sheppard, Morgan and Schwaab, engineers of 2021 Edison avenue.

Meanwhile, Mayor Leonard Davis, who was out of the city attending a convention in Miami, Fla., when the surprise bond sale proposal was introduced to the council, said he had not had time to go over the proposal and "I know nothing about it at all."

The mayor said he had no inkling that any bond proposal was being prepared and that he would withhold any statement until he has had time to investigate it.

Keeping "Hands Off"
"I have kept hands off the sewage project," the mayor declared. "I let them hire their own engineers and I let them hire their own bond attorney. I have had nothing to do with it."

Mrs. Lili Marburger, 83, Dies Early Today

Mrs. Ellen Elizabeth (Lili) Marburger (nee Hackett) 83, a native Quad-Cityan, died today at 7:15 a.m. today at St. Joseph's Hospital, Highland, where she had been a patient eight days. Mrs. Marburger, who was born at Mitchell, was the widow of Herman Marburger, an insurance agent, who died in 1930. She had resided with a sister, Mrs. Mary Quilligan, 2808 Iowa street, before entering the Madison County Nursing Home, Edgemoor, about a year ago. Mrs. Marburger had been ill several years. She was a member of St. Elizabeth Catholic Church.

Other survivors include a sister, Mrs. Margaret (Gahan) Katzke, Denver, Colo.; a son, Leo H. of Ann Arbor, Mich.; two granddaughters, Lawrence (Theresa) Kasting of Roy, Utah, and Mrs. Agnes Lancaster of LaMoine, Iowa, and four grandchildren.

Funeral arrangements are given in today's obituary column.

The proposal, submitted in a surprise move to the council last week called for sale of two bond issues, one of \$1,200,000 to be issued immediately, and another in the amount of \$315,000 which would be sold if the federal grant was not received.

The plan provided that only enough bonds of the second issue would be sold to make up the difference between the amount of the federal grant and the additional \$115,000 needed for the plant construction work.

Throughout the meeting proponents of the plan referred consistently to the proponents of the federal grant, particularly as to when it would be made and in what amount, but would make no reference to speed up the bond sale by offering the council a "solution" to the "problem of uncertainty."

Local recipients were Mrs. Elizabeth Ellen Schaffner Lipchik, daughter of Mr. and Mrs. B. Schaffner, 608 Washington avenue, Venice; Miss Judith Chastain, daughter of Mr. and Mrs. Edward Chastain, 2512 Center street; Miss Judy Mundy.

Mower, Nails, Chisel, Wrench Cause Injuries

One of the hazards of modern life, lawnmowers that convert objects they encounter into dangerous missiles, resulted in treatment at St. Elizabeth Hospital Saturday for Robert Knackstedt, 48, of 2511 State street, who suffered a puncture wound of the left lower leg from an unknown object as he was moving his lawn.

Hands and feet proved vulnerable in numerous other Saturday mishaps requiring treatment in the hospital emergency room. Charles Ringling, seven, 3032 Sunbury avenue, stepped on a nail with his left foot; James Kusheff, 24, of 1108 Grand avenue, Madison, hit his left middle finger with a chisel; Mitchell Martin, three, son of Kenneth Martin, 2827 Marshall avenue, Madison, hit his middle finger, loosening the nail; Kelly Holman, 48, of 2101 Troy avenue, Madison, lacerated his right hand when a wrench slipped; Rhonda Sue Davis, nine, daughter of Martin Davis, 2809 Marquette road, apparently stepped on a broken glass, lacerating the sole of her left foot; and Anthony Penzold, 11, son of Alvin J. Penzold, 1106A Logan street, Venice, stepped on a nail with his right foot.

Mrs. Donald Elizabeth Lloyd, 41, of 1602 Poplar street, accidentally ran an ice pick into her right forearm Saturday; Melvin Penberthy, 41, of 2802 Forest avenue cut his left elbow on broken car door glass; Terry Martin, six-month-old child of Mr. and Mrs. Gregory Martin, 1219 Twenty-second street, suffered a laceration to the back side of the head while in a car seat, apparently having been hit by another child; Neil Podoba, son of Nick Podoba, 1662 Second street, Madison, lacerated his left knee while playing ball; and T'wee Zic Clemens, three, son of James Clemens, 3249 Wayne avenue, had his stomach lacerated at the hospital after drinking an unknown amount of bleach.

Services Held For Former Depot Worker
Funeral services for Leroy Martin, 85, East St. Louis, a retired employee of the Granite City Army Depot, were held Saturday morning at the Church of Christ, East St. Louis. Burial was in Sunset Gardens, East St. Louis.

Mr. Martin, who died July 26 in St. Mary's Hospital, East St. Louis, had been residing at the Fletcher Ann Nursing Home. Born in Grayson county, Ky., he is survived by three daughters and two sons, Theron and David Martin, both of Madison.

daughter of Mr. and Mrs. Walter Mundy, 2104 Colgate place; Miss Helen Mundy, daughter of Mr. and Mrs. Thomas Mitchell, 1312 Johnson road; Mrs. Sharon Pittman, 122 Granite street, Venice, daughter of Mr. and Mrs. William Pittman of East Alto; and Miss Jeannette Dollins, daughter of Mr. and Mrs. Everett Dollins, 1637 Fifth street, Madison.

Miss Mundy received a \$500 scholarship award from Mrs. Harry Milow, chairman of the committee on nursing, as second highest ranking graduate. Those accused honorable mention included Miss Mitchell.

Miss Mary Ann Wolf, daughter of Mr. and Mrs. Robert Wolf, Highway 67, Granite City, was awarded a gold key as the highest ranking second-year student.

Route 70 Sign Request Rejected

Quad-City mayors were advised by letter late last week that District Highway Engineer William S. Krause is rejecting their request for additional signs to aid motorists in reaching the local community by the most direct and convenient routes.

Krause termed present signs "adequate" and said the suggestion made "would do little or nothing to attain the purpose for which your request was made."

Citing past traffic experience and origin-destination studies, he commented: "Local traffic will travel to local destination with little help from highway signing. Their normal route would be in accordance with local conditions arrived from personal knowledge of the local area."

"Foreign visitors (motorists) who are either from out of state or from a local area outside the immediate local area will normally use a map to determine the most direct route to a destination within a local area. Normally, this motorist will utilize available Interstate facilities."

With regard to the above two items, I feel that the signing now provided on Interstate Route 70 is adequate to direct any type of motorist, local or foreign, to any location within the Quad-City area that might be of interest to him.

"It is understandable why civic-minded people such as yourselves would be interested in providing as much recognition for your local municipality as possible. However, I hope you will appreciate the position of the Highway Department and all governmental agencies involved in controlling the huge volume of traffic now using our Interstate systems."

"There has been a great amount of effort and in arriving at a signing system that does provide information to direct the traveling public with a minimum amount of expense and 'cluttering' of the signs. The existing signs do provide the information necessary to direct the principal areas within a limited radius of Interstate 70."

Expect Plant Sale Soon

Owens-Illinois Glass Co. announced last week its scheduled sale of six paperboard and fiber box manufacturing plants, including the one in Madison, is expected to take place soon. Terms of the anti-trust consent decree provide for sale to a purchaser approved by the Department of Justice or the U. S. District Court at Toledo, O.

Farm Bureau Sponsors Wool Garment Judging

Local women and girls, 14 years and older, are being invited to enter a district "Make-It-Yourself With Wool" contest sponsored by the Illinois Farm Bureau Women's Committee, in which the first prize is a 14-day holiday via jet plane to Paris, London, Rome and Nice.

Twelve counties, including Madison, comprise District Eight, with successful district contestants then eligible to enter their garments at the state contest in November.

Contestants are divided into three age groups and will compete in separate divisions. Division B is for girls, 14 to 17 years, inclusive; Division C, girls, 18 to 21, inclusive; and the adult division, 22 years and over.

Those entering the contest must make their own garment, which may be a dress, coat, suit or combination of each, fashioned of a wool material. She must be prepared to model her own entry in the district contest in October, and at the state or national contest later this year.

Contestants are allowed to enter more than one garment.

Other prizes at the various levels include scholarship awards, sewing machines, luggage, wardrobes and scholarship grants to various colleges specializing in design and sewing.

Further information and entry blanks may be obtained at the Madison County Farm Bureau office, 900 Hillside street, Edwardsville, or by calling Mrs. Clara Schilling, of Rural Route One, Granite City, is the local contest chairman.

ROBERT HILDEBRAND, Trust and Savings Bank assistant trust officer, who is attending National Trust School training at Northwestern University.

Hildebrand Attending Trust School Course

Robert Hildebrand, assistant trust officer at Granite City Trust and Savings Bank, started today a three-week training program at the National Trust School of Northwestern University, Evanston, Ill. Announcement was made today by Ernest A. Karamel, president of Granite City Trust.

The National Trust School is sponsored by the Trust Division of the American Bankers Association. Its purpose is to train bank trust officers in specialized phases of trust work, such as fiduciary law, estate taxes, estate planning, investment and asset management, and pension and profit sharing trusts.

The school's faculty is comprised of selected college and university professors, as well as practicing business and professional men.

Hildebrand will be in a class of 244 students representing banks from throughout the United States. He will return to the school in 1965 to complete the second year of the two-year course and to receive his certificate.

Hildebrand has previously attended the American Institute of Banking in St. Louis, where he has taken the courses of Trust Department Services & Organization and Commercial Law.

Only Partial School Lunch Aid To Be Paid

The May claims for reimbursement for school lunch are being paid at a rate of \$3.50 per day and no claims are being paid for the month of June for school lunch. School Supt. Wilbur R. L. Trimpe reports.

Special milk claims for May will be paid at the full assigned rate, \$2.50. However, it appears now that special milk claims for June will have to be paid at a reduced rate.

"These reductions have been necessitated by the fact that Congress did not appropriate adequate funds to pay the full rate of five cents for each type 'A' lunch and the established special milk rates," Trimpe said.

"Madison county schools now face a loss of \$10,000 because of this reduction."

Man Given Six Months

John Earl Cox, 31, of 1788 Cleveland blvd., was sentenced to six-month concurrent terms on the state prison farm at Joliet Thursday by Magistrate Gasparovic on two guilty pleas to similar charges of driving without a license, passing a red traffic signal and using profane language. A hearing was pending on the first case when he was arrested July 28 at Niedringhaus and Madison avenues.

Treatment Involves Cuts, Pills, Dogbites, Insects

Two young Granite City children underwent medical treatment at St. Elizabeth Hospital Thursday following separate incidents in which they consumed unknown amounts of paint thinner and baby aspirin.

Edna Daigler, 18-month-old daughter of Mr. and Mrs. Charles Daigler, 2823 13 street, Pontoon Beach, swallowed a quantity of liquid paint thinner, while Patrick Ross, three, son of Mr. and Mrs. Dwayne Ross, 2019 Park avenue, ate an undetermined number of baby aspirins. Both were released after treatment.

Insects caused misery for two adults Thursday, with Ronald Holman, 26, of 2229 Monroe avenue treated for a spider bite on his left hand and William Henry Baker, 45, of 2229 Monroe avenue treated for a large insect in his ear. Removed from the house, Baker was lodged there earlier in the day while he was hunting.

Melba Warden, 23 months, daughter of Mr. and Mrs. Clifford Warden, 1000a Cleveland blvd., suffered a small laceration on her upper lip and eyebrow when she was bitten by a dog.

Shirley Mathias, three, daughter of Gene Mathias, 225 Washington, Madison, injured her left hand in a bicycle wheel.

Jeffrey Jolly, 11, son of Mr. and Mrs. Claude Jolly, 2564 Center street, incurred a minor laceration after striking his head while swimming. All were treated and released.

Bar Group To Sponsor Museum Benefit Dance

The Madison County Bar Association has announced plans to sponsor a ball Oct. 3 to benefit the new county historical museum.

Mrs. Austin Lewis, chairman of the county historical society's ball committee, said the event will be held at the Mineral Springs Hotel, Alton, and orchestra will provide music for dancing from 9 p.m. to 1 a.m.

All proceeds will be donated to the newly restored museum, which will hold a grand opening party this fall. Tickets may be obtained from members of the bar association or the historical society or by calling the museum at 661-1222.

Mrs. Lewis said. Area chairman include Mrs. Lewis, William Brandt and Mrs. Purdy Bigley of Granite City and Mrs. John Lee of Venice. Gary Coffey of Edwardsville is serving as social chairman for the dance.

A. O. Smith Corp. Sees Record Sales In 1964

Fundamental changes in its product mix are putting the A. O. Smith Corp. back on a growth course. L. B. Smith, president, said Friday afternoon in speech before the New York Society of Security Analysts. The firm has an automobile frame plant in Granite City.

"The transition has evolved smoothly and, barring any major changes in the economy, you will be able to see more visible results of our program during 1965," Smith said in a review of operations of the Milwaukee, Wis., based firm.

A true measure of A. O. Smith's confidence in its business, said Smith, is the firm's record capital expenditure plans for this year. A. O. Smith is spending between \$19 million and \$20 million in 1964, more than twice the average for the past four years, on new plants and expansion of present facilities.

Smith also predicted that for the first time in its 90-year history, A. O. Smith sales will top the \$300 million mark in 1964.

Smith said that in the past four years, since the time that he last spoke before the security analysts, A. O. Smith had "faced up to several major problems and resolved them. Others remain to be worked out. A great deal has been invested in facilities, in research and in organization."

Major changes that have taken place, Smith said, include renewed vitality of the firm's largest division, automotive, whose main product is auto frames.

Bus Usage Down In Area, Nation

John C. Baine of the Bi-State Transit System reports that use of buses declined an average of 5% during June, and revenues were off by \$10,000. He said the same average is being experienced nationally, with most of the decline on weekends and after 6 p.m.

Peak periods, including two hours in the morning and two hours in the evening, five days a week, are holding up, but weekend riding, when use of family autos is available, is down 30% and night riding is down 20%.

Passenger revenue for June was 3 1/2% under the budget, slightly higher than the rate for the first four months, 4.2%, but total operating expenses for the first four months are about even with the budget.

June revenues included \$1,753,221 from passengers, \$62,308 from charters and \$20,791 from advertising, rents and miscellaneous for a total of \$1,836,320, while the budget for the month included \$1,845,345 from passengers, \$80,000 from charters and \$20,000 from advertising and rents.

June is actual revenue for the first four months of the fiscal year was \$7,592,860, while the budget was \$7,645,000.

Express Lines Grow

Carl Robinson of the transit system reported that the eight new express lines have shown a good growth pattern, with four lines doing "quite well." These did not include the two operating from Granite City.

He said there was a 34% increase in express passengers since the first week of operation of the lines, with the daily average rising from 1700 to 2200 during the ninth week. He said that material encouraging use of the routes, with time tables, has been distributed to households in express line areas.

Another report was presented on a proposed federal law relating to federal aid to unified transit systems, calling for one-third matching funds.

Participation would require state aid, the commissioners were told, and the Chicago Transit Authority is proposing legislation to the Illinois General Assembly for state aid which would affect Bi-State properties in Illinois.

Mrs. McFarland, 86, Former Resident, Dies

Mrs. Mattie McFarland, 86, a 40-year resident of Granite City before moving to Hammond, Ind., in 1942, died at 9:05 a.m. Thursday at a Hammond nursing home. She had been ill for four months.

She had moved to Hammond 22 years ago to reside with relatives. Her husband, Samuel, died in 1940.

She is survived by a daughter, Mrs. Adaline Burgess of Hammond; a sister, Mrs. Vesta Hinkle of Martins Ferry, Ohio; three grandchildren and eight great-grandchildren.

Services were held this morning at a local funeral home. An obituary notice appears elsewhere in today's issue.

Madison Lions Club To Hold Picnic Sunday

The Madison Lions club devoted its Thursday evening meeting to further discussion of its annual picnic, to be held Sunday beginning at 11 a.m. at the American Legion park, Edwardsville.

President Edward Dubish announced that the fund for eye glasses will be raised to its original level when proceeds from the July 4 picnic are distributed. Walter Gavlick presented the treasurer's report.

Attending the meeting were 42 members and a guest, Daniel L. Hochstadt.

Car Damaged In Rear

A car driven by James R. Dailey, 3119 Princeton avenue, was damaged in the rear when it became involved in an accident with an auto operated by Don Blair, 2135 Lee avenue, at 10:15 p.m. Thursday at the Nameoki road sign at Johnson road.

INSTALLATION DINNER

Held by ETA CHAPTER

The installation dinner of Eta Chapter of the Phi Tau Omega Sorority was held Wednesday at Andrews Steak House in East St. Louis. Mrs. Dolores Seibert, retiring president, served as installing officer, assisted by Mrs. Georgina Waggoner, installing marshal.

Those taking office were Mrs. Laura Boyd, president; Mrs. Peggy Burch, vice-president; Miss Martha Ruth Thompson, recording secretary; Mrs. Frances Hartman, social secretary; Mrs. Valeria Bander, treasurer; Miss Hilda Schneider, publicist; Miss Kathryn Weddell, historian; and Mrs. Peggy James, sergeant-at-arms.

The dinner tables were attractively appointed in lavender and yellow, the chapter colors, and the same color scheme was employed in the place cards and favors. Twenty-four were seated. Prizes in the games were won by Miss Dolores Sheridan, Mrs. Winnie Saxe, Mrs. Ann Roberts, Mrs. Vivian Gilchrist and Miss Thomas.

HOGANS RETURN

FROM VACATION

Mr. and Mrs. Ross Hogan, 3202 Wilshire drive, and son, Robin, returned Thursday from a two-week vacation. Their trip included stops at Lookout Mountain, Tenn., and the Great Smoky Mountains National Park.

Teachers Of English

Analyzing Sentences

Twenty teachers of high school English are spending the summer taking apart sentences both sound right when they are spoken but make little or no sense when they are written.

Enrolled in a Southwest Illinois University workshop at East St. Louis, the teachers are analyzing patterns of conversation that get in students' way when they try to write.

According to Gordon R. Wood, SWIU English professor in charge of the workshop, this is the first formal study of its kind to determine how cultivated conversation differs from cultivated writing. It is designed, he said, to enable teachers to make an understanding of syntax easier for their own students.

Bricklayer, Clarence

Yates, 61, Succumbs

Clarence C. Yates, 61, of 3030 Myrtle avenue, died at 8:05 p.m. Friday at the home of his mother in Harrisburg, Ill. He had been ill seven months.

Born in Harrisburg, he had resided in St. Louis most of his life until moving to Granite City one year ago. He was a bricklayer for various construction companies and was a member of Bricklayers Local One, St. Louis.

He is survived by his wife, Adelaide; his daughter, Jeanne, of Los Angeles; a stepson, Donald Pikey, of St. Louis, a stepdaughter, Mrs. Opal Johnson of Granite City; three brothers, Cecil of Carletonville and Truman of Huntington, Ill.; two sisters, Mrs. Alva Havelly Taylor of Harrisburg and Mrs. William (Nancy) Kirts of Cincinnati; his mother, Edith Yates of Harrisburg, and 12 grandchildren.

Bumper Causes Damage

When a pickup truck driven by Edward V. Box, 43, could not pull away from the curb at 1 a.m. Saturday, he discovered that an auto owned by Jamie Kasinski, 912 State street, parked at 912 Niedeinghaus avenue, was hooked to his rear bumper. The front of the car was damaged, but Box said he did not back up at any time.

Grandfather of Resident,

Joseph Halwachs, Dies

Joseph Halwachs, 96, grandfather of Mrs. Emma Veres of Granite City, died at 7:30 a.m. Friday at his home, 2140 Illinois avenue, East St. Louis, Burial will be at Mount Carmel Cemetery, Belleville.

SET TO INVADE the drag race scene are the world's friendliest gorilla (second from left) and orangutan, both traditionally fierce animals in their native jungle. The Famed Act Here Wednesday

Jungle Flavor to Spice Drag Race Card

Drag racing, a sport which evolved from midnight runs in the asphalt jungle, will be visited here Wednesday night by natives of the real jungle—green and leafy variety.

The Steel Mills Hot Rod Club, which sponsors supervised drag competition weekly at the Tri-City Speedway on Route 203 near Mitchell, announced today that this week's card will be enlivened by the Rheinhold Kasten family's trained animal act.

Bob Fink, who heads the club's board of directors, said the Kasten family will entertain at 9 p.m. Wednesday during intermission at the Speedway. The act will come after the 6:30 p.m. time trials and before the 9:30 p.m. races.

visit us and learn about the sport. And, of course, the children will especially enjoy this great act."

The local club has joined in a nationwide trend to have more-tormented young people do their racing on sanctioned dragways instead of the streets.

Training Near Here

The Kasten family, who recently performed in the St. Louis Shrine circus, have been training animals and working out new routines for the past month at the old brick yard on Lebanon road in Collinsville.

A performance Saturday night at Nashville Speedway was to have been their last in this area before leaving for New York City, but a packed house there prompted the decision to appear once more—in Granite City.

A quick take took the Kasten family to Nashville, Fred Kasten,

ten's 13-month-old baby, Dennis. Also in the menagerie are a leopard, a jaguar, four chimps and several highly-trained house cats. They are put through their paces by ex-circus and adventurer Kasten, his wife Mady, 17-year-old daughter Tina and 13-year-old son Mike. The chimps impersonate the "Boyz," mop-tops and all.

Fink said admission will be \$1, with children under 12 admitted free. The children, he said, will be able to talk to the performers, obtain autographs and—if they're brave—perhaps shake hands with the gorilla or orangutan.

Although the Kasten family has the leopard and jaguar because of their taste for small animals, the Kasten use no cages or whips on their jungle friends. Better keep that orangutan away from the cars, folks.

DOWNSTATE FISHERMAN'S GUIDE

by C. A. FRAZER

(Compiled from area reports by the Southern Illinois University Information Service.)

A solid week of high temperature and high humidity has affected both fishermen and their quarry, according to a spot check of fishing holes made July draws to a close. Campers are more interested in swimming than fishing and we know exactly what the fish are concentrating upon.

A few sizable cats have been taken on trot lines, however. Local fishermen are hopeful a change in the weather will perk up jaded piscatorial appetites.

To illustrate the lack of any pattern, the two largest bass reported during the week were caught at opposite extremes of Little Grassy lake. One, a 6 1/2-pounder, took a surface lure. The other, a 7 1/2-pounder, gobbed a lead-headed jig, a heavy, bottom-bumping lure.

Just for variety, Al Brown of Belleville showed Little Grassy campers an 11-pound turtle, caught on a worm. Tony Mosko of Granite City had 44 bluegill.

At Devils Kitchen Lake, skin divers reported bass eight to 10 feet of water off the points, and crappie at four feet; however, most fishermen couldn't tease them into biting. Al Schmidt of Belleville went home with fish in the freezer, bass caught on a surface lure in the brushy end of the lake. He reported catching most of his fish between 4 and 6 a.m.

Lake of Egypt fishermen were getting action from small bass and pan fish, but there were no noteworthy catches.

Bass fishermen at Crab Orchard Lake have been unable to reenact the sport of activity of two weeks ago and most of the free-floating plastic jugs baited with short lines for catfish wind up against the shore, unmolested.

Title Tilt Tonight For Top Two Teams In Softball League

Lincoln Place downed the YMCA 11-7 Thursday night to set up the High School League championship game with the King's Men. The two slow-pitch softball teams had 7-1 records and play in their regular season finale at 9 tonight at Wilson Park.

Norm Wilfong had three hits and Joe Hiles homered to set the winning pace. Gary Willard and Hiles Nighthosson both had two hits.

Lincoln Place's shot at the title appeared in peril as the YMCA took a 7-4 lead in the first six innings. But Lincoln Place scored seven times in the top of the seventh and pitcher Mike Lister set down the "Y" 1-2-3 in the home half of the inning.

Hiles' homer came in the seventh and put Lincoln Place ahead 8-7. Mike Rousseau homered for YMCA and Kerry Ervay and Randy Thompson each belted two.

O'Fallon Baseball Tourney

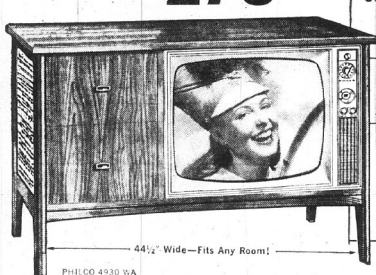

The second annual Jaycee baseball tournament will be held Aug. 15-16 at O'Fallon with competition in four divisions. They are: Class C, 9-10 years old; Class B, 11-12; Class A, 13-14; and Class AA, 15-17. The \$20 entry fee must be paid by Aug. 12. Last year, 23 teams entered the single-elimination tourney. Information is available from tourney chairman John Goodman at ME 2-4091 or ME 2-4066.

Mercer Nips Troy 4-3 in Eleventh; St. Clair Slugs Sacred Heart 17-1

Mercer Funeral Home came a half-game closer to first place yesterday with an 11-run victory over the Troy Red Birds at Wilson Park. At the same time, Sacred Heart, which had slugged 17-1 by host St. Clair Heating at Jones Park, East St. Louis.

The Mercers (8-5) now trail St. Clair (9-4) by one game in the race for the Blue Division pennant in the Southwestern Illinois Inter-City Baseball League. Sacred Heart, however, is now five games behind Cahoonville's Boosters in the Red Division.

The Boosters gained their 13th victory against two losses with a second straight forfeit from Cahoonville. In the other game, Pontchartrons downed Maryville 8-7.

Mercer first baseman Rich Branding set up the winning run by starting the bottom of the 11th with a triple. After Harry Schell, who hit by pitch and Rich Crivkovich grounded out, shortstop Harold Tankersley's single drove home Branding to end the game.

Sacred Heart rallied to tie St. Clair 9-9 after the hosts had the defending league champs trailed five times in the fifth and

breeced along to victory.

Three for Schell, who was second baseman Harlan Schell, who had three hits and a sacrifice fly in five attempts. Two of the safeties were doubles by the loudoff batter, Don Crabtree and Dale Maxwell had two hits each.

Hits by Maxwell and pitcher Pat Harris along with Schell's sacrifice scored the winning run in the fifth. The Mercers took a 3-1 lead in the eighth on a single by Schell, Rich Lee's double, a wild pitch and fielder's choice. Troy scored twice in the ninth to tie the score.

The Mercers used three pitchers with lefty Terry Kofahl, who worked the 11th, going the distance. Tony's hitting was manager-second baseman Ralph Turley with three hits included.

Hauptmann, George Hoffner The Hearts smacked 14 hits in

defeat with Mike Dillon, Frank Hilde, Joe Hauptmann, Bob Keisler and Perry Tyson all getting two each.

Hauptmann hit a two-run homer in the first as the Hearts took a short-lead and George Hoffner also drove in two runs with his round-tripper in the fifth when the Granite Cityans tied the game.

St. Clair routed southpaw Cecil Simpson, who held the East Siders to six hits a week ago, in the first inning with five runs. Tyson and Jack Bunte shared the pitching duties the rest of the way.

Big gun for the Hearts was Don Heffery with three hits including a home run in the high score, there was little loose hitting, with only one error for each team.

Double Upset For Mathews; Tourney Next

John Evenden of Paddlers Swim Club is a great competitor—evidently his swim trunks. The husky Granite City swimmer, who will be a senior this fall at Granite City high school, actually lost his trunks in the midst of an exciting race Saturday in the first annual Belleville Sundowners Invitational Relays.

But even if you have more than one set of swim trunks, the show must go on. Evenden missed only a few yards in the final phase of the crescendo relay, Jack Benning of Alton Summers, Port by eight yards in the final phase of the crescendo relay.

Evenden swam trunkless for about half of his 100-meter effort in the crescendo, a relay in progressively higher distances for four boys in separate divisions. The other team members, their age groups and distances were Danny Noeth, 10-and-under, 25 meters; Bill Hearty, 10-12, 50 meters; and Bob Malotki, 13-14, 75 meters.

Evenden was provided a towel after the race and, emerging, he indicated he wasn't going to let arch rival Alton win—no matter what.

Alton Wins Title

Alton, nevertheless, won the championship with 156 points with the Paddlers a close second with 135. Belleville Dorchester was third with 98 in the six-team meet.

The Paddlers swept the diving events, led by Kelly Hogan, Randy Thompson, Mark Dufner, Andy Zahn and Debbie Byers. At that point the Paddlers came within six points of Summers-Park, the only team they were unable to defeat in their three-year history.

Paddlers' 13-14 boys team, which advanced to the second round this weekend. The schedule is to be announced Thursday.

In Atom Division play, St. Louis' Cubs downed Troy 5-2. The Cubs' dugout beat Troy 15-10. R.O. Dillon hit two home runs for Mathews.

Save-Mor was defeated. Rozecki won 12-11 and Madison River teams but the Madison Firemen and Schermer's twice on Dillon action.

All four local Midjet teams won with Sedlak meeting Troy Johnny Pulcher's hit, two errors and a sacrifice fly gave Madison Lions 17-3 and the Madison Legion 6-5—the latter the winning pitcher was Ray Hoffman who gave up four hits.

Mathews' Vikings beat Wood River 12-2; but IPC and the Venice Merchants were defeated.

Jack Scarborough's single with Don Borchers, who had singled, on base drove in the winning run in the 10th inning of the first game Saturday night. Scarborough and Borchers tied the game at 1-1 in the fourth on singles by Borchers, Scarborough and Mary Borchers.

Carroll Giltch pitched the triumph, allowing only five hits as he struck out four and walked one. Losee Ed Bonecave gave up 10 hits but fanned 10 and walked 10. Borchers' sacrifice fly gave Madison Lions 17-3 and the Madison Legion 6-5—the latter the winning pitcher was Ray Hoffman who gave up four hits.

Sportettes Downed By Jackson Lakers

State champion Alton defeated Venice 11-2 Thursday night behind about 300 fans at Lee Park and took undisputed first place in the Girls' Twilight Softball League.

The visiting Jackson Lakers rode to victory on the arm of Granite City's Bev Conway, who pitched a three-hitter. Meanwhile her teammates slammed out 14 hits off the Sportettes' Betty Glendon.

Catcher Barbara Glastetter drove in two runs for Venice with a single and sacrifice. The other hits were by Karen Chase and Diane Cotto.

Last night, the Sportettes downed Caseyville 5-4 behind the pitching of Bonnie Huber and the two-RBI outputs of Glastetter and Chase.

Cards Bring Up GC's Dal Maxwell

Granite City's Dal Maxwell rejoined the St. Louis Cardinals last week after being recalled from Indianapolis of the Pacific Coast League.

The Cardinals' shortstop was used as a pinch-runner for Dick Groat in Friday night's game. Maxwell, who had been in the ninth inning, Maxwell had been farmed out earlier in the summer to Jacksonville, Fla., and then transferred to Indianapolis by an agreement with the parent Chicago White Sox.

With Indianapolis, Maxwell had 10 hits in 179 attempts and had 20 runs batted-in and two homers.

Drivers' Strike Racing

A heated controversy, and threatened strike by drivers disrupted the scheduled stock races Saturday night at the Tri-City Fair.

Garlan Farries of the local track said the super-modified car drivers refused to race because of a walk and an error. Farries said the drivers were angry because of a financial dispute Friday night at the St. Charles Speedway and that the Tri-City track seemed to be a victim of circumstances.

The races finally got underway about 9 p.m. after most of the large audience had left. Farries said two cardwads of Madison county sheriff's deputies arrived to prevent any trouble, but none occurred.

Farries said races will be held as scheduled next Saturday night. Fender-bender drivers, who refused to race after being stirred up by the super-modified controversy, are expected to return and race this week.

When the races finally got underway, Bill Meyer—driving a car owned by Granite City's Bill Schaefer for the first time, won his seventh consecutive feature race. Chuck Lynch was second and With Spalding third.

Meyer also won the handicap race and the first heat race. Other races were taken by With Spalding, Barney Jones and Lynch.

Liberty Home Wins Two Tavern Battles

Liberty Home took two weekend victories in the Tavern Softball League and edged ahead of Sportsman's Club (6-1) in the standings. Liberty Home, now 9-1, beat Buzz's 11-7 in a make-up game Saturday night and then downed Bowland 14-8 yesterday.

Frank Mudrusic pitched both wins. Against Buzz's, Claydon and Jerry Togue hit home runs. Homer for Buzz's were by Sam Manogian and Mercy Mendoza.

Credit Union Ups Loop Mark to 13-1 With 13-1 Victory

Granite City Steel Credit Union upped its championship record to 13-1 with a 13-1 victory yesterday in an Illinois Senior Khoury League game at Duplo. After a final league game Sunday, Granite City will enter the Khoury playoffs in St. Louis beginning Aug. 16.

Steve Lelik went the distance for the winners, fanning eight while giving up four hits. His shutout was lost after two were put in the ninth when Duplo scored an unearned run.

Credit Union broke open a tight game with eight runs in the fifth. The local team had 13 hits.

Jim Warren contributed three hits for the winners, including a triple and a double. Barry Sykes, Gary Willard and Nick Podoba also had three hits apiece. One of Podoba's hits was a home run leading off the sixth inning. Sykes, Podoba and John Summers each garnered two RBIs.

The game was the seventh of the season in which Granite City has won by ten or more runs. The last league game will come Sunday against Grandpa's of Collinsville.

Champion Sportsman's Club in Victory As Open League's Regular Season Ends

Finishing its championship season with a 9-1 record, the Sportsman's Club defeated Armerman Youth Federation 10-3 Thursday night at Wilson Park in the Open Slow-Pitch Softball League's regular schedule ended the playoffs begin Thursday night.

Frank Scarsdale paced the triumph with a two-run homer and two singles with Mike Sikora and Frank Orris also collecting three hits. The change broke a 3-3 tie with seven runs in the fourth inning.

Suit To Reapportion Illinois Senate Filed

A suit to reapportion the Illinois State Senate on the basis of population was filed last week in Chicago. A panel of three federal judges is expected to convene hearings on the petition in August.

Filed by Joseph Germano and seven other members of United Steel Workers Union District 31, the same suit was dismissed last year, but was revived when the U.S. Supreme Court ruled that state Senates must be apportioned by population, not by geographical area, as is the case in most states.

James T. Harris, son of Mr. and Mrs. James H. Harris, 2660 Adams street, has been employed by the U.S. Air Force Academy as a cartographer. Harris is enrolled in the Cartographer Training Program being conducted at ACIC's training school in St. Louis.

The six-month Civil Service Commission-approved course provides a broad background in chart compilation and related fields. Subjects covered in the curriculum include geodesy (exact measurement of the earth), astronomy, physical geography (photogrammetry making charts from photographs).

When he completes the course, he will be assigned to the Production and Distribution Plant of ACIC located at the historic site of the St. Louis Arsenal on Second and Arsenal streets.

Its mission is basically the production of aeronautical charts, graphic air target materials, flight information publications, maps, terrain models, evaluated intelligence on air facilities and related cartographic devices for the Air Force and other Department of Defense agencies.

Finishes Officer Course

Second Lt. Dennis R. Reeder, whose wife Joanne, lives at 2747 Union drive, has completed a nine-week ordnance officer basic course at the Army Ordnance Center, Aberdeen Proving Ground, Md. The 22-year-old officer was graduated from East Alton high school and from the Missouri School of Mines and Metallurgy at Rolla. He is a member of Triangle fraternity.

Lease Being Sought For Restaurant Lot

Negotiations for an 80-foot stretch of property fronting on Cleveland Blvd., to be used as a parking lot for the proposed new Court of Kings restaurant, are underway and are expected to be completed soon, Nelson Hedger, one of the partners in the restaurant project, has reported. He said attempts are being made to consummate a lease arrangement with an option to buy the ground.

The property adjoins land on which the new deluxe restaurant, which will seat 160 diners in the main dining room, will be built. The new restaurant will immediately adjoin the Travelodge Motel at 13th street and Cleveland. Hedger, operator of the motel, and a group of men have formed a corporation that will build the restaurant. It will feature a cocktail lounge and a basement rathskeller, with special arrangements for meetings and private parties.

He said bids are now being accepted for interior work on the structure and that present plans call for a beginning of work in the near future. He added that attempts will be made to complete the restaurant building and begin operation sometime in November.

Miss Lamm To Study As Lutheran Parish Worker

Miss Patricia Lamm, daughter of Mr. and Mrs. Ben Lamm, 2139 Woodlawn avenue, has been admitted to St. John's College, Winfield, Kan., for the 1964-65 school year, the chairman of the admissions committee has announced.

She will enroll as a freshman in the parish worker program. St. John's is a denominational institution of The Lutheran Church, Missouri Synod.

ON THE BUS with the Latin American ensemble in Tulsa, Okla. In foreground is Dr. Richard Clark. The group went on to the border town of Laredo, where the musicians were greeted with widespread publicity and enthusiasm. There, director Robert D. Todoroff was surprised to have representatives of the Mexican government enter to inform him all details of the ensemble's entry into Mexico had been cleared.

ROADSIDE PICNIC with home-packed lunches was enjoyed by the Granite City Latin American ensemble at Springfield, Mo., en route to Mexico. Left to right are Joe LeGrand, Mrs. Ina LeGrand, Mrs. Georgina McMillan, nurse Mrs. Marjorie Hilker and Kenneth Williford. Other stops were in Tulsa, Okla., and Dallas, Tex., with lunch last Saturday at San Antonio. The bus arrived in Laredo, Tex., at 3 p.m. Saturday.

BREAKFASTING AT LAREDO are ensemble members including Linda Froemling, Linda Jungels and Nancy Layman at table in foreground. Mexican stations broadcast news of the group's arrival every half-hour and newspapers published detailed stories about the ensemble's activities. At Laredo, U.S. currency was exchanged for Mexican pesos.

Ill. Expedition Land Book Given To Kerner

Gov. Otto Kerner has been presented with a newly completed 32-page brochure in connection with promotion of tourism in Illinois. Eldon E. Hazlet, president of the Region Eight Tourism Council, along with several other representatives of the region, made the presentation in Carbondale.

The colorful brochure, promoting "Illinois Expedition Land," highlights in detail points of interest in communities and counties within an 11-county area, including the Quad Cities, and is an important part of the promotion program being aimed at tourism in four states surrounding Illinois—Wisconsin, Iowa, Indiana and Missouri.

The program is being headed at several metropolitan areas in northern sectors of the state. As a result of promoting this area in the Illinois pavilion at the New York World's Fair, more than 6000 copies of the brochure have been requested from persons in 30 states, Canada, Puerto

tributed in Region Eight to all high school history departments, junior colleges, colleges and universities, Chambers of Commerce and areas within the region where people congregate.

The brochure elaborates on many points of interest responsible for attracting millions of people into "Illinois Expedition Land" yearly. Included are the local community, the state house of Vandalla, where Abraham Lincoln served in the House of Representatives, and the National Shrine of Our Lady of the Snows at Belleville.

Celebration To Feature Band, Rides, Food, Entertainment

An even more successful three-day homecoming celebration than last year's initial venture is the hope of the Granite City Junior Chamber of Commerce, whose plans for a second annual homecoming Aug. 14, 15 and 16 are going ahead at "full steam," according to Don Hoch, general chairman.

Carnival rides, food, games, other concession stands, pony rides and even helicopter trips will be available.

Location will be land immediately south of the Tri-Mor Bowl on Nameoki road.

Aerial Sightseeing

Featured among several attractions planned for the three-day festival is the arrival of a helicopter at noon Sunday, Aug. 14, with sightseeing rides available for those with a spirit of adventure and a desire to view the Quad-Cities from a slightly different angle than usual.

Prices for the helicopter trip have been set at \$3.50 a person. James Burton, entertainment chairman, reports. Children under seven years of age will be allowed to make the trip with an adult companion for \$2. The machine is from the Oelger Co. and is used extensively at Lambert Field, St. Louis.

At least 14 local organizations have indicated they will participate in the celebration. It was announced by Fred Reinegan, concessions chairman.

Included will be a Jaycees sponsored "old-time" beer garden, a soft drink stand and pony rides.

Other booths to be sponsored by local groups are: Hickory smoked barbecue, Tri-City Shrine club; a dish pitch stand, Jaycees; a watermelon patch, Central Christian Church; a fish stand on Friday, and fried chicken, Saturday and Sunday; Granite City Junior Service club; crazy ball game, Quad-City Detachment, Marine Corps League; "Slippy Joe's" and hot dogs; Gabriel Shrine 28; White Shrine of Jerusalem; ring pitch game, Froca club; novelty dunking stand, Steel Mills Hot Rod club; soda stand, Democratic committeemen's club; a cable-stretching exhibit, sponsored by the YMCA Health club; and a game of skill by the Knights of Columbus.

Children's Matinee

Burton also announced a children's matinee for Saturday and Sunday from 1 p.m. to 4 p.m. when all carnival rides including two ferris wheels, a merry-

Status of Women Topic Of Hearing Wednesday

The second in a series of hearings on possible future legislation will be held at 10 a.m. Wednesday by the Illinois Legislative Commission on Status of Women. The hearing will be held at the Super Hill Holiday Inn.

Rep. Esther Saperstein of Chicago, chairman, has announced the meeting will be open to individuals and organizations interested in problems that affect the status of women. A series of such hearings is being held in various parts of the state by the commission, which was established in the last session of the Illinois General Assembly to study problems of women and recommend possible legislation.

Mrs. Maude Myers, director of the Illinois Department of Personnel, will be the speaker at a luncheon beginning at 12:30 p.m. in conjunction with the hearing. The commission expects to hear discussion of such subjects as women's legal rights, labor laws, services to working mothers, volunteer services, and public employment by Granite City Steel Co. before entering the Army.

29 Scholarship Winners Will Receive Awards

Twenty-nine Quad-Cities will be honored at a Teachers' Scholarship Award ceremony Wednesday at 8 p.m., when 98 regular and 14 special scholarship grants are awarded by County School Supt. Wilbur R. L. Timpe.

The 11th annual ceremony will be held in the Gibson Brown school, Godfrey, on Route 100 a mile and a half west of the junction with Highways 67 and 141 at the North Alton belt line.

The local area winners will be among those receiving 1964 Teachers' Education Scholarships and Special Education Teacher Scholarships. A special presentation also will be made by Mrs. Ida Handwerker of Mitchell, district director of the Illinois Congress of Parents and Teachers.

Dr. Howard Southwell will speak on "Passport to Teaching." The event will be open to the public.

Four-Year Awards

Scholarship winners are entitled to attend one of the state universities for four years. Local recipients of teacher education awards include:

Child Treated After Swallowing Kerosene

Among those treated Friday at the St. Elizabeth Hospital emergency room was 14-month-old Timothy Clover of Grand Tower, Ill., who underwent a stomach pump after he swallowed an unknown quantity of kerosene. The child, whose parents, Mr. and Mrs. Bernell Clover, were visiting friends here, was released following treatment.

Other mishaps treated Friday involved Mia O'Brien, 10, daughter of Mr. and Mrs. Elmer C. O'Brien Jr., 3000 Dale avenue, who suffered abrasions to the left chest area and left knee when she fell off her bicycle, and Scott D. Voss, four, son of Mr. and Mrs. Bill Voss, 1338 Norwood drive, who was bitten on the left cheek by a dog. Both were treated and released.

Martin L. Fisher, 70, Kills Self With Pistol

Martin L. Fisher, 70, apparently shot himself to death at 8:25 a.m. Saturday while seated on a couch in the living room of a home at 510 Main street, Venice, where he resided with his half-sisters, Mrs. Agnes Smith and Mrs. Ruth McCurdy.

An inquest is to be conducted by Deputy Coroner Francis LaBory, who pronounced him dead at the scene.

The two women had left Mr. Fisher in the living room and were working in a bedroom when they heard a shot. He remained seated but is believed to have died immediately from a bullet wound in the right temple. Venice police found a .32-caliber pistol at his feet, with five live shells and one bullet discharged.

Mr. Fisher used crutches to walk, and they were found leaning against the couch.

A retired laborer and a world war I veteran, he had lived in Venice about one month, previously residing in East St. Louis and Granite City. He was a native of Cairo, Ill.

His remains were taken from Madison funeral home to Chaffee, Mo., for arrangements on service and burial in Chaffee.

Miss Illinois Entry

Welcomed Home Sunday

(Continued from page 1.)

A tired but still-thrilled Miss Granite City, Clara Lee Parney, 18, is back on the job today at Granite City Steel Co. following a hectic and exciting week in Aurora, where she participated in the Miss Illinois beauty pageant.

Although unsuccessful in her bid for the state title, the brown-eyed, blonde, and charming young woman, winner of the local contest on July 11, was given a warm welcome home yesterday afternoon, when her car was met by a group of juveniles at Liska school and given an escort into town.

The ten-car motorcade was joined by a police escort on Johnson road and continued to the downtown area before concluding at the Granite City and her parents, Mr. and Mrs. Charles Parney, to their home.

Back in the routine of everyday life today, Clara Lee recently of the past week as her "most thrilling experience" and expressed gratitude to the Junior Chamber of Commerce for the opportunity to make the trip and to meet so many new friends.

Miss Parney was accompanied to Aurora by her mother and Mr. and Mrs. James Spinks, representing the Jaycees.

The new Miss Illinois is Miss Fox Valley, Patricia Louise Quillen of North Aurora. Runners-up were Miss DuPage County, Condy Barron of Oak Brook; Miss Elgin, Susan Phillips; Miss Cook County, Janis Folres of Chicago; and Miss Decatur, Lynette Marie Boatman.

First official duties for Miss Granite City will be to preside at the Jaycees homecoming celebration Aug. 14-16.

50 YEARS AGO

News from The Files Of The GRANITE CITY PRESS-RECORD

AUGUST 4, 1914
To promote the awakening of interest in the plant, and give employees an additional incentive to seek improvements wherever possible, officially the Granite City rolling mill has decided to give three prizes of \$25, \$10 and \$5, for the three best suggestions given by the employees each month. The plan was adopted two months ago and already six awards have been granted.

Harry Fossick, George W. Kennedy and Phil Stremmel were presented the prizes for the best suggestions last month. The suggestions cover all sections of the mill, and the ideas may be for adoption in any of the working apparatus of the plant. Special attention has been given to the safety-first plan. The plan of suggestion ideas has been in vogue at the Commonwealth Steel foundry in Granite City for some time.

Tramp, tramp, tramp, the fat men are marching. Try to resist the temptation to go to the city hall tomorrow at 8 a.m. I will witness a scene such as perhaps has never been viewed before, when the Granite City Society for the Prevention of Surplus Avoidports starts on its first—perhaps its last—cross-country hike.

It is very probable there will be 500 people present to witness the unusual spectacle. Those who do come will probably be rewarded by viewing, a few days later, their faces in the movies on Pathe's Daily News 'will have artists with cameras present to take about a thousand feet of film and the surrounding crowd when they start.

Practically every fat man in the city has been urged to be present. Anyone who tips the scales at more than 200 pounds is earnestly requested to take part in the hike.

25 YEARS

The following items were taken from the files of the Granite City Press-Record

Norman Wendell, outstanding tennis player from Granite City and winner of the St. Louis district tournament, Tuesday, was defeated in the third round of junior division play in the national junior boys' tournament in Culver, Ind. Wendell lost to E. Victor Seixas of Philadelphia, 6-2 and 6-3.

Employees of the Carp Dry Goods store and their families with Mrs. Avery Carr and daughter, Lois, and son, Richard, Mr. and Mrs. Ben Carr and Mr. and Mrs. Al Sheppard and family enjoyed a picnic and supper, an annual affair of the store, Monday at the Elbow club, Pontoon, swimming, boating, dancing and ball games were among the amusements.

A picnic for members and their families was held Tuesday evening by the Women's Foreign Missionary Society of the Niederrhein Memorial Church in connection with the regular program which took place at the home of Mrs. George Mueller in Nameoki.

In the absence of the president, Mrs. Mamie Eisenmeyer, the J. E. West, vice-president, was in charge and the devotional service was led by Mr. R. L. Miller. The book study was given by Mrs. George Herrin.

Later, a picnic supper was served on the lawn of the home to the ladies of the society and their families.

Mr. and Mrs. Eugene Schnipper and daughter, Jeanette, of Edison avenue departed Tuesday by motor for a vacation in Yellowstone National park and other places of interest enroute.

Miss Edna Reimer, 1838 Madison avenue, returned home by horseback Tuesday from a visit with friends in Collinsville. She made the trip in two hours.

Among the many local residents who are enjoying extended vacation trips by automobile are Charles Kruefink and Ben Frizell, Jr. of Nameoki, who left Monday on a tour that will take them through the southwest and into San Francisco for a few days at the fair. They expect to be gone about two months.

One of the outstanding events of the season took place last night at the Venice-Madison American Legion. A group of friends honored Mayor Dr. J. E. Leavelle by surprise birthday party. Highlight of the evening was the presentation by State's Attorney R. W. Griffith of a handsome leather watch chain to Mayor Leavelle, in the name of those present.

Ray Lemanski, former captain of the Western Illinois State College basketball team, was named football and basketball coach of Madison high school at a special meeting of the board of education Monday night. Lemanski, who coached basketball and basketball at Harris junior

"Reasons" Against Public Sale Of Sewer Bonds Refuted By Facts

Developments since last Thursday in connection with the sale of \$1-million plus revenue bonds for Granite City's new sewage treatment plant have confirmed this newspaper's conviction that the bonds should be sold at public, competitive bidding.

As reported in a front page news article in this issue, the Chicago Engineer-Klass of the Illinois Sanitary Water Board has removed all uncertainty about federal aid for the project—an uncertainty that had been erroneously raised by aldermen favoring private sale of the bonds. Granite City will receive the \$514,000 federal aid expected.

In other developments, a lease for the treatment plant site on Granite City Army Depot grounds has been approved by the federal government, and construction bids have been asked for Sept. 15, when the local 4-H club member gain the sale of the bonds.

There should be no further excuses now in calling for competitive bids on the \$1-million-plus revenue bonds.

A talker is usually poor company.

Cooking, Sewing Not Yet Lost Arts Here

It is well known that the local area contains a diverse array of skills and talents. That fact is emphasized by reports from the Madison county fair, where the local area has been deemed worthy of judging at the state fair last Thursday.

The initial listing of awards included prowess in cooking and sewing—arts which may be receiving diminishing public attention but which, happily, are not being lost sight of by young Quod-City residents.

It is faith in something and enthusiasm for something that make a life worth looking at.

A Land For Learning

By John W. Allen

Thirty years ago a noted American educator, Mr. John Dewey, said that the school should not remain forever on public highways, trailing along in duck or sheep fashion. He insisted that the school should "take a dive into the woods" and thereby be assured of finding something new. Similar advice is equally valid today.

The advice he gave might be charged slightly, however, and made to say to the traveler, "Don't forever cling to pavement, but occasionally take a dive into the woods." Make an occasional turn down one of the backroads, but seldom traveled side roads, where the forest trees, bushes and brambles are slowly but surely closing in.

Before the advice given 30 years ago came to attention, the "turn aside" idea had been tried successfully a hundred times. Generally, it was found that the "turn aside" idea was a good one. Excepting one time when the bottom of a road was found to be a good one.

One old barn visited had a great wide road 30 feet wide and a good 69 feet long, one large enough to store 60 tons of hay. A good hayrack in the field of the lot still had its ropes on carriage. One look at all this and the farmer's mind was made up. He had to turn aside.

A double postcard system is used for questions such as address, occupation, marital status and other qualifications for jury service. Persons having questions relating to jury service are requested to write a letter to the Jury Commission for information.

The questionnaire is not a summons for jury service. It is used only to determine the person to serve as a juror.

Thoughts Of Heat, Humidity And Taxes On A Summer Day...

A burning question used to be whether it was the heat or the humidity that caused all the discomfort. Scanning several new electric power consumption records set in the last half of July, Illinois Power Co. has concluded that both heat and humidity were factors in the increased use of fans and air-conditioning units.

Another "heated" question with a less obvious answer is whether tax levies or property assessments contribute most to increases in the local tax burden. Again, it is a combination of two that results in the overall impact.

The current taxing cycle—bills are being paid in all four local townships this month—began last summer when assessed valuation was determined by assessors and the county review board and when governmental agencies decided on the amount of their annual budgets, counted their cash reserves, calculated how much money would be needed from other sources, and then adopted levies against all taxable real estate and personal property.

After assessments and levies became final, there was what appeared to be a pause. But clerks were busy figuring what tax rates would be necessary to provide the funds that were levied, taking into consideration the size of the assessment base within the boundaries of each governmental district.

Rates were then applied mathematically against individual valuations to show how much is owed by each property owner. It is these bills which are now due.

Still other questions may come to mind, such as whether the local, state or federal tax load is greatest, and whether the existing proportion between the three layers of taxation should remain the same or be revised. But, at the moment, the heat and humidity—and our local tax bill—are so much in our thoughts that we will defer consideration of any such weighty matters.

Not Enough Time For Orderly State Senate Reapportionment This Year

Regardless of the merits of proposed state senate reapportionment, we hope a panel of three independent judges will be appointed to assist the November election in Illinois. They may hear a suit in Chicago this month, dealing with immediate redistricting.

It will be recalled that the U. S. Supreme Court ruled this summer that state senators must be apportioned according to population rather than geography, ruling out the "little federal" plan which had been proposed by the state legislature to revise a move to seek a U. S. constitutional amendment which would bar federal courts from issuing orders relating to state assembly districts.

The issue involves sweeping changes in the makeup of the state senate, and the timing of the election, further rulings should wait until after the fall voting. Revisions could then be made in an orderly, fully considered manner, effective for the next round of state election.

Questionnaires Sent To Aid In Preparing New Juror List

The Madison County Jury Commission has been sending out questionnaires to aid in the preparation of the county's new list of prospective jurors.

The names of persons who are eligible for jury service are being prepared for the county clerk's office beginning in September, it was announced by Chief Judge James R. Under.

Under the law, a new jury list must be prepared from the registered voters of the county every year, which is done by the county clerk.

The official list of registered voters is furnished to the Jury Commission by County Clerk James R. Under, who is in charge of voting registration for Madison county.

Seek Representative List
In order to have a representative list of persons for the tenth name appearing in each of the 174 precinct lists is selected and placed in the hands of the county clerk.

When a panel of jurors is needed for court duty, an order is entered directing the clerk to draw a jury, which is done by the clerk in the presence of one of the judges; the Commission members are also present.

When a name is drawn for jury service, the person receives a summons from the clerk, telling the date and place to appear.

To serve as a juror is one of the highest responsibilities of citizenship just as it is to vote or to serve in the defense of our country. Only a small percentage of citizens are ever privileged to serve on a jury.

THE PASTOR SPEAKS

REV. C. M. O'GUIN, Trinity Tabernacle

"I bow my knees before the Father, from whom every family in heaven and on earth takes its name." Eph. 3:14, 15, Berkeley

The family of God is unique in the sense that part of it is in heaven and part on earth. Paul speaks of a place "where the spirits of just men rest perfectly." Luke 16:22.

Many from earth have entered, and when others enter, they will be received into everlasting habitations." Luke 16:22.

Lodgers and visitors can be welcome in another's family home at any time, but when the photographer comes to take the family picture, all others step aside. Nobody but the family "belongs."

Christian Family No one can "join" the Christian family at their will and time. No one can be "voted" in to this family or "handshake" his way in.

It is a large family. It is continually growing and, through the Gospel message, people of every race and color are being added to its circle. John in Rev. 7, describes them as "a multitude, which no man could number."

This family can always be proud of its ancestry. God is its Father. Christ is the elder brother, and the children are made "kings and priests and shall reign with Him in the earth." Rev. 13:6.

This family will never break up because death cannot harm or alter it, and time cannot change it. How do you enter this family? "Only by being born into it." John 3:3—by coming into it by choice.

School Drops Flunking, Homework

School through July—with longer days, but no frills, homework or flunking. The Madison County Public Schools, which is overhauling its enrollment requests, is described in the following Chicago Tribune article:

Nova high school is one of the nation's leading demonstration models of the newest to be found in American public education. With the 11-month school year, from Sept. 1 to July 30, that's 40 days longer than the national average.

At Nova, a student gets the equivalent of six years in a traditional school. The school year is from 8 a.m. to 3:30 p.m.

Classes Run Longer
Add a longer class period, 70 minutes instead of the usual 50 or 55.

Add this rigorous academic program. Every student, every year, is required to take English, mathematics, social sciences, foreign language, physical education, and an elective from one of many technical science courses.

Add a nongraded program, where each student proceeds at his own pace. No one ever fails, no one ever has to repeat a full year's work, and no limit is placed on how fast and how far the brightest students can go.

Some Things Missing
And throw out some things: the spectator-driven gymnasium, the traditional school cafeteria, the cafeteria, free bus transportation, and a large school building.

Throw out, too, homework in the usual sense. Much of this is done in the classroom, under supervision of the teacher.

Place all this in a setting which utilizes the very latest in educational technology: closed circuit television, overhead projectors in every classroom, an enlarger that shows a television picture 10 feet by 10 feet, a complete ham radio station, a weather station, movable wall panels, the latest and newest equipment for vocational education, and—marvel of marvels—free lunch centers.

At Nova a student can sit in a private club, dial a number on a telephone, or listen to a tape recording—perhaps a lecture he missed, or a foreign language lesson. Or he can watch an educational film on his own small screen, getting the sound effect by earphone.

Suppose a student is doing a research project on the atomic bomb. An electronic computer spews forth microfilm of selected articles, or of everything available. The student reads the microfilm through a special viewer and copies any facts he wants.

All this, plus a required course in teaching, a reading clinic, and a laboratory for students to work on their own projects. The school is a place where students can learn to learn.

More License Staff

James Walker, Granite City, a Republican, expects to be let out this month as head of the license examining office in Illinois.

He has a master's degree, and 40 per cent have work beyond a master's.

They get extra pay for the longer school year. The minimum starting salary is \$5500, with a maximum of \$10,000 for a classroom teacher.

Joseph Belair sees the transition as routine in view of the approaching state election. Republicans are losing 91 million of replacements is costing \$9 million.

Watermelon-Eating Contest, Children's Skits Highlight Picnic

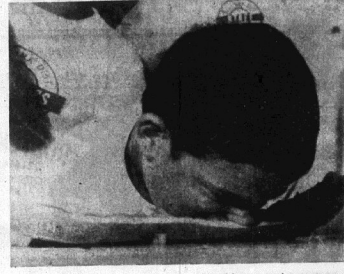

FINE ART OF WINNING a watermelon-eating contest was demonstrated Thursday evening at the Granite City park district's annual "Summer Roundup," a picnic for playground children and their families at Wilson Park. The

champion, showing his winning form in this sequence of photos, was Niedringhaus playground's Chuck Kraus, 10-year-old son of Mr. and Mrs. Warren Kraus, 3144 Colgate place. At left, Chuck draws back to take a deep

breath while warming to his task. Strategy, apparently, was to chomp through the left-hand side of the slice first. After leveling the right-hand portion, the youngster goes after what remains of the middle with a wet-nosed nibble

at the inside (second photo). Chuck's coup de grace, at right, was a fierce and nose-wrinkling bite that took him right down to the rind. Dessert was his first place award—a can of nuts.

INTENTLY WATCHING skits presented by the park district playground group, these wide-eyed preschool children clasp their appreciation. Performances on Wilson Park

TROOPING ACROSS STAGE, children from McKinley school playground sing "I Love to Go A-Wandering" and wear Swiss-type hiking togs in their skit at the picnic. Big-

eared rabbit (left) and other animals, constructed from boxes, provide woody atmosphere for the hikers. Hundreds of children, parents and friends attended the affair.

Probationers Not To Gamble, Judge Orders

Chief Judge Harold R. Clark of the Third Circuit Court, Edwardsville, Thursday afternoon signed a court order prohibiting persons on probation for a crime from gambling or wagering during the term of their probation. The order, instructs James Reidelberger, Venice, county probation officer, to include on probation records of offenders that no gambling or wagering will be permitted by persons on probation.

Judge Clark expressed concern over the case of Robert LeCompte, 20, who was sentenced to a term of three to six years in the state penitentiary last week for armed robbery of the A&J market, 4085 Pontoon road. LeCompte said he had lost his paycheck at a racetrack and then robbed to get more money to bet. He lost \$100 of the holdup money in two races.

Judge Clark said the court order would affect hundreds of persons on probation in Madison county. He said the decision was made after consulting with other judges of the circuit and the probation officer.

County Sheriff Barney Fraundorf praised the order. "We have had many cases of offenders placed on probation who end up back in the county jail on a felony because they lose their money gambling or at the racetrack," he said.

SWIU Acquisitions' Now Total 2200 Acres

Southwestern Illinois has now acquired all of the land considered "critical" to the construction of its Quad-Cities-Edwardsville campus. It obtained two more tracts in out-of-court settlements late last week. The latest tracts acquired were owned by Harry V. Palmer and Lydia Kriege. These settlements were in addition to four other out-of-court settlements made earlier in the week, just before the lands were to be the subject of a condemnation trial in the circuit court. Details of the settlements have not been announced.

The university has now obtained 2200 acres of the proposed 2600-acre campus. An SWIU spokesman said that all lands considered critical to construction have now been acquired. These include property needed for immediate building projects, particularly roads, water and sewer lines and a utility reservoir.

No further court action on the remaining 400 acres is scheduled until Sept. 27.

Willard With Army At Base In Canal Zone

Army Specialist-four Connell T. Willard, 23, whose wife, Hazel, lives at 2033 Washington avenue, was assigned to the Army Security Agency at Fort Clayton, Canal Zone, July 20. It was disclosed today. A communication specialist in the agency at Fort Clayton, he entered the Army in July 1953. He is a 1958 graduate of Granite City high school. His parents, Mr. and Mrs. Charles H. Dowdy, live at 2310 Independence drive.

Mayor Leonard R. Davis of Granite City returned to his office today after attending a three-day convention of the American Municipal Association in Miami, Fla. The convention, attended by more than 1500 mayors from all parts of the country, was held July 27-29.

Father Shortal Appointed

Rev. James Shortal, former assistant pastor of St. Elizabeth's Church, has been appointed an assistant pastor at St. Mary's Catholic Church at Edwardsville and will serve as chaplain of the Newman foundation on the Quad-Cities-Edwardsville campus of Southwestern Illinois University.

Eagle Park Youth, 18, Charged With Theft

Marshall Bradley, 18, of 105 Hill street, Eagle Park Acres, was charged with grand theft Thursday night after admitting stealing items valued at \$850 from an Illinois Power Co. auto Wednesday afternoon while it was parked in a field at the end

of Roosevelt street, Eagle Park Acres, near a company construction site.

Taken were a transit, used in surveying, valued at \$800, a pair of binoculars worth \$50 and a power to the Madison county transistor radio valued at \$25. Sheriff's office. In the statement, Bradley exonerated the other to Chief Investigator Louis Bowman. Bowman said the radio at a Madison pawnshop the same afternoon and re-

turned the next day with two companions to try to pawn the binoculars.

The three were arrested by Madison police and were turned over to the Madison county sheriff's office. In the statement, Bradley exonerated the other to Chief Investigator Louis Bowman. Bowman said the radio at a Madison pawnshop the same afternoon and re-

grand jury, Bradley was released on his own recognizance.

Randall Allen On Two-Week Duty As Reservist

Randall D. Allen, son of Mr. and Mrs. Robert P. Allen, 3009 Nameoki drive, is undergoing two weeks of active duty recruit training at the Naval Training Center, San Diego, Calif. He is receiving training in seamanship, military drill, gunnery, shipboard routine and other naval subjects. The training is rounded out with a rigorous physical training schedule. Upon completion of recruit training, he will return to his local reserve unit for regular training sessions.

Much Activity As Depot Marks Anniversaries, Changes Commandants

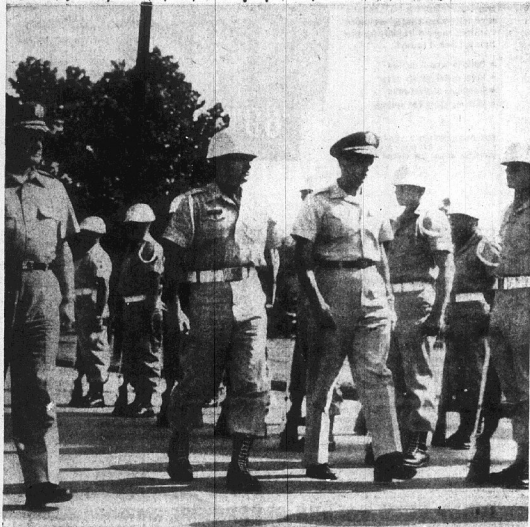

SERVICE STAR on Minuteman flag is pointed to by Mrs. Pauline Weir, Granite City Army Depot bond officer, as Henry D. Karandjeff, Madison county bond chairman for the Treasury Department, Col. John M. Ansley, commanding officer of the Depot, and James O'Connor, area manager of the Treasury Department, who made the presentation look on. They are named in order, from the left.

ARMY COMMENDATION MEDAL is presented by Lt. Gen. Jean E. Engler, commanding general, U.S. Army Supply & Maintenance Command, to Col. John M. Ansley (left), commanding officer, Granite City Army Depot, for "outstanding performance" while assigned to the local installation.

LIFETIME MEMBERSHIP card being awarded by Granite City Police Detective Mike Devine (center), symbolizes life membership in the Madison County Police Association, to Col. John M. Ansley, Army Depot commanding officer. Assisting in the presentation is Chief of Detectives George Teller (left). The three expressed mutual appreciation for cooperation between area police officials and Depot.

TROOPING THE LINE, Lt. Gen. Jean E. Engler, commanding general, U.S. Army Supply & Maintenance Command, inspect the Depot Honor Guard of the 593rd Engineer Group (M&S). Col. Ansley, Army Depot commandant, is on the left with Capt. Kenneth P. Bretsch, commander of the honor guard, at center and Gen. Engler on the right.

Base Hosts Gen. Engler Of Supply-Maintenance Group

Changeover in commandants of the Granite City Army Depot this month is almost coinciding with two major anniversaries observed Saturday.

Events commemorated were the 22nd anniversary of the establishment of the local Army installation (Aug. 1, 1942) and the second anniversary of the Army Materiel Command and its Supply and Maintenance Command (Aug. 1, 1962). The SMC is one of seven sub-commands of the AMC.

Appropriately, among those here for the landmark occasions was the commanding general of the Army Supply and Maintenance Command, Lt. Gen. Jean E. Engler.

Honored For Performance

Gen. Engler conferred with Col. John M. Ansley, who is departing tomorrow after three years as Depot commanding officer, and awarded the Army Commendation Medal to Col. Ansley in recognition of his "outstanding performance" here.

Col. Ansley's new assignment is that of engineer in charge of expansion construction at the U. S. Air Force Academy, Colorado Springs, Colo. His successor, Col. Charles B. Schweitzer, former St. Louis district engineer, is due to arrive here about Aug. 20 from France, where he is deputy chief of staff of the U. S. Army Communications Zone, Europe.

Accompanying Gen. Engler were his aide, Capt. R. H. Ratcliff, and Kirk Logie, information officer for SMC.

While here, Gen. Engler was briefed on the mission of the Depot and toured the local facility.

Importance of Assignment During his stay, he emphasized the significance of a continual flow of ready materiel to military forces during the recent Army reorganization. He noted that depots, such as the one at Granite City, had maintained this mission without interruption, "reflecting great credit to the entire SMC organization."

Gen. Engler was particularly interested in the troop training facilities at Granite City, and the maintenance and storage of Army supply items.

The general described awarding of the medal as a "most pleasant duty." The commendation is only one of many conferred upon Col. Ansley during

his stay at the Granite City base. Only last week, numerous awards were made to the Depot by James O'Connor, area manager, Treasury Department, and Henry D. Karandjeff, Madison county representative of the Treasury Department for U. S. savings bond sales.

The awards to the Depot were Minuteman flag with one service star for maintaining 92% for one year; Secretary of the Army award; and Minuteman award for the fifth consecutive year.

All of the directorates of the Depot received bond awards with the Minuteman going to Directorate for Maintenance, sixth year; Directorate for Supply & Transportation, fourth year; Directorate for Services, fifth year; and Directorate for Administration, fourth year.

Special citation awards for groups with less than 100 people went to: Comptroller Directorate, third year; Personal Staff, third

you wouldn't do this:

...but a damp basement can do the same damage!

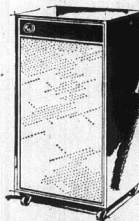

You wouldn't even think of throwing such things into a tub of water.

But humid weather can do the same damage. It causes rust that ruins tools and appliances... mildew that ruins leather goods and clothing... the wet rot that generally affects furniture, sporting goods, toys, pictures, books, just about anything for which you spent hard money.

Folks who have a dehumidifier say it more than pays for itself in money that doesn't have to be spent all over again for household equipment and furnishings.

A modern dehumidifier takes gallons of moisture out of the air on a hot, humid day. See for yourself—at no cost.

We'll put a dehumidifier like this in your home for five days, free. Call Illinois Power. Or ask any appliance dealer displaying the "Free Trial" dehumidifier offer.

HALT CONTROL PROGRAM

William T. Lodge, director of the Illinois Department of Conservation, has announced that the issuance of permits involving use of gas cartridges was suspended July 30 until the spring of 1965. Permits issued prior to July 30 will be effective for 90 days from the date of issue.

Gas cartridge control methods become increasingly ineffective during the summer and fall months, according to representatives of the Federal Fish and Wildlife Service, Predator Control Division.

The Illinois Department of Conservation will continue its predator control program under the permit system where property damage is extensive. This program does not include gas cartridges.

Twenty-five narcotic cases were initiated during June by inspectors of the Division of Narcotics Control, according to a report from Joseph J. Healy, superintendent.

Twenty-five acres in Illinois were sprayed under the marijuana eradication program by the inspectors during June, according to the report.

CIVIL DEFENSE TRAINING

Gov. Otto Kerner has announced that 1250 state employees in departments, boards and commissions under his jurisdiction in Sangamon, Cook, St. Clair and Madison counties will take intensive courses in civil defense during the week of Aug. 24-28.

The training series is a cooperative undertaking of the governor and Ray Page, superintendent of public instruction, to be carried out under the Civil Defense Adult Education Program.

An implementation of Illinois Operational Survival Plan, it is designed to insure orderly continuation of governmental processes in the event of enemy action or natural disaster, and to add to the corps of citizens trained for personal and community survival.

The 1964 lamb crop is estimated at 384,000 lambs, the smallest crop since 1951, according to a report from the Illinois Cooperative Crop Reporting Service.

The figure is 11½ below last year's 431,000 head and 18½ below the 1958-62 average of 468,000 lambs. The Jan. 1 inventory of breeding ewes, yearlings and older, at 233,000, is 14½ below the previous year and 19½ less than average.

The ratio of lambs born to 100 ewes one year old and over on hand Jan. 1, estimated at 169 in 1964, compares with 105 in 1963 and the five-year average of 107.

JOBLESS RATE DOWN

The unemployment rate in Illinois dropped to 3.5½ in July, Gov. Otto Kerner, speaking last week at the Technical Vocational Institute, Southern Illinois University in Carbondale, said his administration at its start had faced a state unemployment rate of twice the May figure and had cut it in half.

HEAT BULGES HIGHWAYS

State highway maintenance crews are working overtime to repair pavement bulges and blowups caused by severe hot weather conditions, according to the Illinois Department of Public Works and Buildings.

The report said that the damage is confined chiefly to the

north-two-thirds of the state in areas where heavy rainfalls followed by extremely hot weather have occurred in recent weeks.

In recent years, the summer weather damage to pavement has usually been limited to older types of pavements in Illinois, but engineers are reporting damage this year to newer roads, some of which have been in use only three to six years.

Illinois corn averages six feet in height, nearly a foot taller than the 1958-62 average, according to a report last week from the Illinois Weekly Weather and Crop Bulletin.

Soybeans are developing about 10 days ahead of average and a week ahead of last year. Virtually all of the crop is blooming and the yield of soybeans is promising.

The Chad Mitchell Trio, popular young folk singing group, will headline the Grandstand program Wednesday, Aug. 19, at the Illinois State Fair. Jane Russell canceled her engagement for this evening due to illness.

The trio has headlined supper club programs, sung at a score of college hostesses, and appeared on top television shows across the nation since forming at Spokane's Gonzaga University.

A. J. Foy has his sights set on the 100-mile at the Illinois State Fair Aug. 22. He has never won a major Springfield race.

Rodger Ward, also entered here this year, edged out Foy last year by a second at the Springfield track.

This year will be the first time two two-hundred mile races at the Illinois State Fair. Foy and Ward will be in the field of drivers. Parnelli Jones, who won the 500-mile race in 1963, makes a third 500-mile race in the local race.

The Illinois State Fairgrounds one-mile race track tied for fourth place in the latest revision of track speed ratings by the United States Trotting Association. The official rating is 2 minutes, 22 seconds.

Among other mile tracks, Kentucky, Ky., is rated with a speed of 2:01.2; Hollywood Park, Calif., second with 2:01.4; and Vernon Downs, N. Y., rated third at 2:02. Tied with Springfield are Du Quoin, Indianapolis, and Santa Anita.

"The U.S.T.A. samples performance of the horses as they move from track to track," said Fair Manager Franklin H. Reed. "For example, if a broad sampling indicates that horses go 2:10th of a second faster at Vernon Downs than at Springfield, a 2:10th of a second faster speed rating is established for Vernon Downs."

Della, the twisting chicken, performing on a rotating stage; Peter, the kissing bunny, smoothing over the back lines; and Maude, the hen that solves arithmetic problems in the "Barnyard schoolhouse," a mobile home—all may be seen at the 1964 Illinois State Fair, Aug. 18-23.

Stolen Bike Recovered

A bicycle stolen from Daniel McGee, 2933 Washington avenue, while it was displayed at the public library at 1:45 p.m. Thursday was recovered at 10:15 p.m. that day at 2241 Washington avenue.

Displays Large Tomato

A 21-ounce tomato grown in the garden in his back yard, was displayed Saturday by Steve Kozicki, 743 Niedringhaus avenue, who reported it is the largest he has grown.
